Development

As an employee, why should you choose Valamis?

We are known for our unique organizational culture. We believe that openness, trust and honesty are key to our great work culture.

Valamis has been selected as one of the best workplaces in Finland and Europe year after year. In the latest Great Place To Work survey, 95 percent of our employees considered Valamis to be an extremely great place to work. Our growth has been fast but stable, which has enabled the company's internationalization. Will you be writing the next chapter of our story with us?

Our customers and markets

Our customers are large organizations spanning across all industries, predominantly in finance & insurance, complex manufacturing, and professional services. Our customers have a need to train and upskill their own personnel, customers, partners or resellers.

As a customer, why should you choose Valamis?

We have been delivering digital solutions and services to our customers for over 15 years. We believe that the digital transformation of learning is the next great opportunity for organizations.

Valamis - Learning Experience Platform has been developed by us with the help of our customers since 2010, and today it is one of the leading learning experience platforms in the world. We deliver a learning solution that can be fully designed and customized to match your corporate environment in order to engage your people. Your name, your logo, your brand. We believe the key to success is to make technology that serves people, not the other way around.
